

A BETTER WORLD FOR ALL!

On the weekend of 25th & 26th November 2017, The Learning Connections (TLC) had the honour of working with the dedicated leaders, educators and volunteers from Blossom World Society to conduct a 2-day Drama holiday camp, for children from 4 – 12 years. This is the 10th holiday camp organized by Blossom World Society, whose goal is to inspire a gracious generation that contributes positively to family, society and country through development of social and moral values in young people. The theme for this year's camp, 'A Better World For All', aims to help children develop mindfulness in a changing world and equip them with knowledge, skills and dispositions to become agents of social change. Using pictures and poem/ poetry as stimuli, the children explored issues that were relevant to themselves and the world that they are living in. Through a variety of child-led activities, the children explored the use of drama strategies to establish character relationships, understand situations and come up with ideas to solve problems and how to make the world better for all to live in! The camp ended with a parent-child bonding activity and sharing their ideals of what makes a better world.
