

INSTILLING A LOVE FOR LANGUAGE THROUGH DRAMA

2-Day Workshop for Preschool Educators

This 2-day course aims to make literacy teaching an exciting and creative experience for both teachers and learners.

Teachers will develop an understanding and appreciation of the value of drama in the early childhood settings. They will discover how they can apply a variety of drama strategies to engage children of different learning needs in authentic and meaningful language and literacy learning experiences.

The objectives of the above course are to help participants to:

- Generate children's interest in learning of language through drama
- Understand and apply drama techniques in the teaching of literacy
- Facilitate children's acquisition of literacy skills through drama
- Use a variety of drama strategies to cater to the different learning needs of children
