

SCHOOL ASSEMBLY PLAYS

2019 - 2020

By The Learning Connections (TLC)

The Learning Connections (TLC) has been providing quality educational school assembly plays to primary schools since 2011. Our shows are designed to promote arts education to lower and upper Primary school students, and they are performed by professional stage performers. Our shows have been well received by students and educators.

TLC provides 2 kinds of shows:

1. NAC-AEP School Assembly Shows for 2019-2020 that feature Aesop's Fables and Storybook Theatre (show fees are 50% subsidized by Tote Board Arts Grant).

2. Interactive Theatre Assembly Performance (ITAP) – Say “NO!” to Bullying to address social issues faced by students and discuss strategies on how to overcome them. Interactive theatre is a form of theatre that actively involves the audience in making decisions or giving suggestions on how the story should unfold. Kindly note that there is no subsidy for ITAP.
